**Only \$75.00\***

*\*price increases to \$85.00 after 1/31/2012*

A long standing tradition of Syracuse University, The Onondagan Yearbook, is a full color publication that has chronicled campus life at Syracuse University for the last 125 years.

The Onondagan will deliver a spring edition to the senior class. The book will be delivered to students on 4/21/12, just in time for graduation!

Each print edition purchased will also include access to lifepages.com, a brand new, lifetime service that brings the fun and memories of the yearbook online from any computer in the world. Each online account allows students to view the yearbook online (flipping though page by page as they would in print), search the yearbook (looking for specific names or events that they quickly want to find), comment on pages, send digital signatures to friends, and link their online LifePages profile to other social networking accounts to keep in touch with fellow graduates long after graduating from SU.
